## Cargo: universal and easy to install bottom mount recycling center

Easy to install, this product can be installed in face frame or frameless cabinets with hinged doors or in a pull out version. Equipped with soft stop full extension slides, giving you full access to the bins for easy removal. In a hinged door, the opening is simplified with an integrated handle on the frame.

Each lid comes with an individual lid (preventing smell) and ergonomic handles to remove quickly the bin. Can be easily retro fitted in "hinged door" version"

**Important:** the same product code has to be ordered for hinged door or pull out application; only the installation dimensions are different.
